

DIGITISE AUTO FOR SMART MOBILITY

TECH COMPANIES THAT MAKE CARS?

Get in line with OEM restructuring and investments for a world where the car is a connected service delivery platform

Dieter May
SVP Digital Business Models, **BMW**

Johann Jungwirth
Chief Digital Officer, **Volkswagen AG**

DAIMLER

Christoph Hartung
Head of Connected Car, **Daimler AG**

Patrick Hoffstetter
Chief Digital Officer, **Renault**

NEW CUSTOMERS FOR AN OLD INDUSTRY:

Digitise the auto user experience in and out of the car as millennials discard car ownership for seamless personalisation and convenience

www.tu-auto.com/europe

#TUEurope

TRUST IN AUTONOMOUS:

Develop an integrated product, testing and education roadmap in partnership with governments to strengthen public confidence at this crucial time

THE CONNECTED ECO-CITY:

The city becomes the epicentre for new modes of clean, efficient & connected mobility. Transform the car into an intelligent and networked eco-warrior!

AUTO-DISRUPTED:

From modular autonomous pods to the flying car; ground-breaking start-ups and tech. companies enter auto with concepts that will change the face of transportation
